

NOBAMED Paul Danz AG

NOBANETZ®

REF 304020

Product Description, Intended use, Application

NOBANETZ® is a disposable tubular net which is soft, elastic and breathable. It is 4 m long and suitable for the upper arm (size 2). A colour-coding system (yellow) facilitates the distinction of sizes. The tubular net can be cut to length and is easy to handle. Due to the strong fabric the net can be cut to length without fraying. NOBANETZ® is used for the quick and easy fixation of wound pads and dressings. It is also used as a cover over bandage dressings or plaster splints. The product is individually packed.

Composition

Polyamide, spandex

Incident reporting

According to MDR (EU) 2017/745, if serious incidents occur in relation to the device, they must be reported to the manufacturer and the competent authority of the Member State in which the user and/or patient is established.

Normative and Regulative Requirements, Common Standards

Medical device according to the MDD 93/42/EEC and MDR (EU) 2017/745.
